- bt-micro Manual
- Battery Charger
- Pink Silicone Silver Ion infused antimicrobial and antibacterial carrying case

bt-sonic® 2.0

Microsonic Facial Cleansing Brush. Professional quality cleansing in as little as 2 minutes.

Technology: Cleansing

Powerful and portable, this sonic cleansing brush is ideal for both home and professional use. Water resistant and engineered for everyday use, its ergonomic shape is comfortable in the hand, while its triangular cleansing head is thorough and gentle on your skin as the antimicrobial and antibacterial Azul silicone bristles cleanse areas that other brushes simply can't reach. The bt-sonic is fun to use, provides a professional quality cleansing in as little as 2 minutes, and leaves your skin feeling smooth and radiant. Pair the bt-sonic with our CLEANSE to achieve outstanding results. Dull days are over.

- IPX6 water resistant: The highest level of water resistance that can be achieved.
- 45% more water resistant than before. Can be used in any environment including the shower.
- High performance tactile button.

Bio-Therapeutic products and equipment are not intended to treat or diagnose any medical conditions.

Features & Specs

- 2 AAA batteries included
- One year manufacturer limited warranty
- Dimensions: 1.5" W x 7.1" H
- Weight: 2.8 oz.

bt-vision® 2.0

Self lit magnified viewer

Technology: Skin Analysis

The ability to analyze the skin at multiple magnification levels with the perfect light every time is key in determining the appropriate skincare products and professional services for your clients.

The bt-vision 2.0 features an all new lightweight design, Silver Ion infused silicone surfaces, 9x brighter white LED illumination, detachable elastic headband, and 5 magnification lenses.

Lightweight and fully adjustable, the bt-vision 2.0 is ideal for an up close and hands free look at your skin at a level of detail that the eyes alone simply can't match. The adjustable bright white LED lighting system gives you an even clearer view during the most crucial parts of each service.

- Antibacterial and antimicrobial silicone surfaces
- Clear LED illumination system
- 5 magnification lenses: 1X, 1.5X, 2.0X, 2.5X, 3.5X
- Quick-release lens system
- Includes detachable elastic headband option
- Completely adjustable for optimum comfort and all day wear

Bio-Therapeutic products and equipment are not intended to treat or diagnose any medical conditions.

bt-analyze®

Skin identification

Technology: Skin Analysis

Using advanced technology and sophisticated skin membrane sensor, the bt-analyze calculates moisture levels on the skin in multiple zones of the face to clearly define the needs of each area. Each reading is saved and displayed on the intelligent LCD screen so that it can be documented at the end of the analysis. This tool gives quick guidance to clients and begins the process of allowing them to become an active participant in understanding their skin and need for specific products and services to reach their goals. The bt-analyze should be used before each service, as well as after the service, to capture improvements made and to note modifications needed.

Bio-Therapeutic products and equipment are not intended to treat or diagnose any medical conditions.

Features & Specs

- Compact at only 3.5 inches in length
- Weighs less than 5oz
- Battery-powered, cordless
- Large skin specific membrane sensor
- Precise measurements with delineation to the tenth
- Easy to view LCD display with 7 memory measurement function
- Protective membrane cap
- Easy to sanitize with disinfectant wipes
- Fits perfectly in the bt-techbelt™
- Clear silicone protective skin

What's inside

- bt-analyze
- bt-analyze Manual
- 2 AAA batteries
- 1 silicone sleeve
- Membrane Cap
